

FAMILY SUMMER ACTIVITY

Create a Nature Collage

Turn a simple walk in the woods into a creative endeavor!

Collect leaves, flowers, interesting rocks, and textured objects, then paste them on a one-of-a-kind collage. It's the perfect way to display the adventure you just embarked on. You can even repurpose other items around the house, like Spice World lids, to create more shapes and stencils.

WHAT YOU'LL NEED:

- 🍃 A basket, shoebox, or bag for collecting nature items
- 🍃 Poster board or thick paper
- 🍃 Glue, tape, or Mod Podge
- 🍃 Markers and pens for extra decoration and personalization

HOW TO DO IT:

1. Go for a walk in a park, wooded area, or your own backyard.
2. Collect a variety of leaves, petals, and natural textures (just be sure you aren't disturbing a natural habitat).
3. Arrange your finds into a cool design on poster board.
4. Use glue or tape to secure them in place.
5. Add doodles or even labels to describe your pieces.
6. Have your child share all the cool things they found.
7. Hang up and admire your wonderful artwork!
